RE: Stockpot Foods / Campbell's Soup – Everett, WA

Dear Rob:

I just wanted to let you know how much I appreciate LTI's work at the Stockpot project. It has been a very difficult project from the outset. Through the numerous design changes, installation challenges and starts/stops, your on-site personnel have met each issue with a team attitude and the quality workmanship for which LTI is known. Additionally, the management has been timely and fair in response to design and on-site issues which, on the best of projects, is difficult when you are a Thousand miles away. I commend you and your team and will not hesitate to use LTI in the future.

Sincerely,
SEA CON LLC
